

## **Time passing by**

We've thrown it all away  
Time will not obey  
Walking on a tightrope  
Change is on its way

Here I stand  
In line  
Sometime to think  
Where is mine

Time passing by  
Without a smile  
Time passes by  
Without rival

Make no mistake  
There is another way  
No masters, no chains  
This gravy train is done

Here I stand  
In line  
Sometime to think  
Where is mine

A new day dawns  
Not to repeat  
The chance is now  
At your feet

Time passing by  
Without a smile  
Time passes by  
Without rival

Time passing by  
Time passes by
